**THAT WE MAY KNOW** – Over both the last few years and the last few months many Christians have found themselves “in the dark” – fearful and unsure of what’s coming, surprised and upset by events they couldn’t see coming, or unprepared (perhaps even embarrassed) as they realized how much they didn’t know about certain important things. There is a lot that our loving Lord wants us to understand – to bring us comfort and confidence, and to help us better make our way through and communicate with the troubled world we live in.

We therefore invite you to attend “That We May Know,” the 2022 National Convention of Christian Life Resources.

*“My goal is that they may be encouraged in heart and united in love, so that they may have the full riches of complete understanding, in order that they may know the mystery of God, namely, Christ,” Colossians 2:2*
